

## LEVELLINE™ Drywall Corner Trim

---

### CONSTRUCTION

- High strength tapered copolymer core
- Surface: Tight fibered, formulated paperboard
- Back: Joint tape paper for uniform surface bonding
- Memory-free adjustable hinge

### DURABILITY

- Uniform structural bonding with corner prevents cracks and callbacks
- Corners will not dent
- Will not separate from wall
- Will withstand significant shifting due to settling, lumber drying, temperature and humidity variations

### AESTHETIC QUALITIES

- Crisp, sharp lines
- Perfect surface for paint and textures
- Will withstand sanding without surface degradation
- Smoother finish

### PACKAGING

- LEVELLINE™ Drywall Corner Trim is available in 100' rolled lengths
- 12 rolls per case

### DIMENSIONS

- Copolymer center thickness approximately .034"
- Copolymer edge thickness approximately .020"
- Total Flange width = 1.38 "
- Copolymer flange width = .88"
- Paperboard edge flap = .500"
